

## Artist Bio and Statement

Halima Rogers

“UnWrapped” at TOSH Feb 2023-Apr 2023

### *Artist Bio*

Halima is an abstract artist living on Vancouver Island. Her intuitive style of painting is informed by her sensations of daily life and her metaphorical interpretation of these experiences. In a layer-by-layer method, Halima paints with deep attention to abstract composition and colour. Halima loves her family, morning coffee and a good dose of sarcasm.

### *Artist Statement*

*UnWrapped* is an expression of discovery. Just as one might unwrap a long-awaited gift, so the artist joyously unwrapped a love of painting and her answer to a lifelong ache. This exhibit is the representation of Halima’s discovery of *being an artist*.
