### *Snapshots 4-H Photography Club*

Snapshots 4-H Photography Club involves youth aged 9-19 in the Parksville-Qualicum area who share an interest in photography, communication, leadership, and community service. Our members go on field trips, participate in local photography exhibits, and enjoy learning from our many talented local photographers.

Some of our members are brand new to photography, others are more experienced. Some members use a smart phone, others use a DSLR camera. It's all about hands-on learning, trying new things and meeting new friends who share similar interests.

4-H is an international youth development program where members live by the motto "*Learn To Do By Doing.*" The 4 "Hs" represent the values of the program and how members commit themselves to be responsible, caring and contributing young leaders:

- HEAD: managing, thinking, developing critical thinking skills
- HEART: relating, caring, developing friendships
- HANDS: giving, working, volunteering and helping out
- HEALTH: wellbeing, healthy living, taking care of yourself and the planet

Snapshots 4-H would like to express special thanks to TOSH for hosting this exhibit and to Parks West Business Products for being our official club sponsor.
